ANTIOCH, ILLINOIS, THURSDAY, JUNE 17, 1965

VOL. LXXIX, NUMBER 51

OFFICERS OF THE AARP appear to be thoroughly enjoying themselves at last Tuesday's potluck luncheon. Left to right, James Kocmoud, Sr. treasurer; Mrs. Frank Kennady, Sr., Recording Secretary; Mrs. Barbara Jorgensen, vice president; Mrs. Robert McAllister, corresponding secretary, and John L. Horan, president.

AARP Has 73 Members

The Antioch Chapter of the Association of Retired Persons, a comparatively new organization in Antioch, is building up a sizeable membership of senior citizens. The Antioch AARP now has 73 members, according to President John L. Horan.

Latest meeting of the AARP was a potluck luncheon at the home of Fred Chapp on North Ave. last week. Forty-five members and some guests were present.

Committees were appointed at a recent meeting of the AARP. They are Program, Mrs. Barbara Jorgensen, Mrs. Ruth Carlson, Mrs. Robert McAllister (Chairman); Membership, Mrs. Emma Roblin, Mrs. Sam Bailey, Mrs. Marguerite Hook, Mrs. Harriette Pirson, and Douglas Dean; Publicity, Mrs. Margaret Gaston, Mrs. Ruth Tidmarsh, Mrs. Sam Bailey; Legislative, Herman Reimer, Fred Chapp, Mrs. R. McAllister; House Committee, Hugo Gussarson, Nels Gussarson, Douglas Dean, Walter Forbrich, Fred Chapp; Social Committee, Mrs. Walter Buchert; Visiting, Mrs. Edith Rics, Mrs. Dortha Runyard, Lorraine Peachor; Telephone Contact, Mrs. Emma Roblin, Mrs. Harriette Pirson, Mrs. Marguerite Hook, Mrs. Douglas Dean, Mrs. Sam Bailey; Historian, Mrs. Robert McAllister; Greeter, Robert McAllister.

Next get-together of the Association will be on July 13 for a boat trip on Lake Geneva. It was decided to hold only one meeting a month during the summer months. The dates are July 13 and August 10.

Free Safety Check Lane On June 26

Antioch area motorists will have a chance to get a free safety check for their cars on Saturday, June 26.

The safety lane will be at the village parking lot on Broadway. Two men will be furnished by each of the local car-dealers — Pittman Motors, Teresi Chevy-Olds, Stringer Dodge and Lyons-Ryan Ford—for the inspection.

The safety lane is sponsored by the Antioch Rescue Squad and the Antioch Police Department. Each car that passes the inspection will receive a safety sticker free. Where mechanical faults are found, the driver will be given a written notice of the fault.

Among other things, checks will be made of tires, brakes, headlights, and kingpins.

"This is an excellent safety precaution and I hope the people of Antioch take advantage of the opportunity for a free check," Police Chief Heick said. "The safety lanes are being run in several Lake County towns, and some have inspected as many as 200 to 300 cars. I hope Antioch makes a good showing."

Jr. Deputies Start Summer Program

Sheriff Charles E. Larson has announced the reactivation of the Junior Deputy project which he inaugurated last year.

The program is for youths between the ages of 13 through 17. Purposes of the project are to promote understanding between youths and law enforcement agencies; to stimulate interest of youths in the necessity of co-operating with law enforcement agencies; to develop a sense of responsibility in young people in obeying the law, and to teach them to respect the rights and privileges of others.

Since last year the membership in Junior Deputies has increased from 123 to 234, including ten girls. This year the program will open with an educational course on the use and safety of firearms.

Activities will start at 10 a.m. on Tuesday, June 29, at the Waukegan Shoot-O-Rama, under the supervision of firearms experts. The day will start with a talk and demonstration on

the use of firearms with safety, followed by a color movie on big game hunting in Africa. Every Junior Deputy will have an opportunity to shoot 20 rounds of ammunition at a target at 25 yards. Four prizes will be awarded by the Sheriff to the four best "Sharpshooters."

Any youth interested in the project should address his inquiry to Stanley Schabowicz at the sheriff's office in Waukegan.

The program for July and August will be announced later. Members of the Junior Deputies will be notified by mail. The summer activities will include a one-day visit to Great Lakes, a weekend encampment at Fort Sheridan, a trip to the baseball game in Milwaukee and other organized activities.

Jamboree This Sat.

A Sports Jamboree for youngsters of the Lake Region will be held at the Grayslake High School track field this Saturday, June 19. The event is sponsored by the Grayslake Jaycees.

There will be competition in track and field events for youngsters from ten to fifteen years old. Boys and girls from Antioch, Fox Lake, Grayslake, Millburn and other localities will take part in the Jamboree.

The competitors will be divided into three classes: Midgets, Juniors and Intermediates. Each entrant will receive a certificate for participation. Winners in the different divisions will go on to the District competition at Mundelein on Saturday, July 10. Winners of the Mundelein meet will compete in the State Jamboree at Charleston on August 5, 6 and 7.

Spectators are welcome and there is no admission charge. Bob Wozniak is chairman of the event.

Salem Man Dies When Thrown From Car

A Salem man was killed instantly early Sunday, June 13, when his car missed a curve, hit a tree, and he was flung against a house.

Dean A. Young, 37, Rt. 1, Salem, was alone in the car at the time of the accident, which occurred on Hwy 83 south of Hwy 50. Young was northbound, returning from a graduation party at the home of one of his brothers. When the car hit the tree, Young was thrown against the home of Loren Smith of Rte. 2, Salem.

Young was employed by the Early Construction Equipment Co. of Antioch. Survivors are his parents, Mr. and Mrs. Elmer Young, Burlington; three brothers, Alfred, of Antioch, Sidney and Theodore, of Burlington, and a sister, Mrs. Eloise Wiuff, Jr., of Burlington.

Start Summer Reading Club At Library

Betty Lu Williams, librarian at the Antioch Library, announces that the children's Summer Reading Club is now in operation, and will summer.

Children may sign up for the Club at any time. Theme for this year is "Be a Bookworm." Last year, the theme was "Reading Around the World."

Only requirement of the club is that a youngster read a certain number of books throughout the summer. This year, the children will read books of their choice, within reason. At the end of the summer, children who complete the reading will receive certificates.

"We hope the Reading Club will help the children to keep the reading habit," said Miss Williams. "Sometimes they forget about reading during the summer, and never get back to it. The club gives them an aim."

Youths Charged With Burglary of Antioch Apartment

Two young men who burglarized the apartment of Louis Stahl, at 1037 Main St. in Antioch last Friday were quickly apprehended and admitted their guilt to Antioch police.

Robert Miller, 18 years old, of Rt. 1, Box 306, Round Lake, and Walter T. Malanowski, 18, 387 Britain St., Grayslake, were picked up by Antioch police after the landlord of the apartment told them the boys had rented a sleeping room at the same address a short time before.

The two admitted taking a radio, and shooting a hole in a window pane with an air gun. The two were taken to Lake County Jail. Miller was charged with theft, Malanowski with theft and criminal damage.

Other articles had been taken from the apartment a few days before, but the young men denied taking those articles.

The two will appear in Lake County Circuit Court at Round Lake on June 23.

Postoffice Installs New Convenience

A government stamp vending machine has been installed at the local post office—for the convenience of patrons in need of small quantities of stamps.

It will dispense 4c and 5c stamps and will be available during the hours preceding the opening of the postoffice windows and also after hours until the last employee leaves the building. Also on Sundays and holidays, approximately from 9 a.m. to 6 p.m.

St. Stephen Church Formally Recognized

St. Stephen Lutheran Church, Antioch, the Rev. Wilton Anderson, pastor, was received as a recognized congregation into the Illinois Synod of the Lutheran Church in America on the opening day of its third annual convention meeting in Rock Island, June 7-10.

The congregation was formally organized on May 2, when 99 adult and 55 children were received into membership.

Survey work began in the Antioch area in mid-September last year. Pastor Wilton Anderson, formerly of Brownsmead, Oregon, served as Board Missionary under the Board of American Missions, LCA in developing the congregation.

First worship took place on December 6, 1964 at the Antioch High School. Four months later the congregation's charter was opened, and remained open for four weeks at which time organization took place.

Burned Boy Flown To Burn Institute

A lot of people cooperated Monday to give badly burned Mark Frerks, 5 years old, of Grass Lake Road, Antioch, a better chance.

Mark was flown to the Shriners' Burn Institute in Cincinnati, Ohio, Monday night for treatment. The flight was made in the Waukegan News-Sun plane.

The idea of sending Mark to the Burn Institute came from Shriners Charles Haling of Haling's Resort at Grass Lake. Dr. Edward Abderhalden of Antioch and Dr. George Simonian of Waukegan flew to Cincinnati with the boy. The boy's general condition is reported as good, but the Institute, it was decided, was the best place for treatment.

Mark was taken to Victory Memorial Hospital by the Antioch Rescue Squad on June 4 when a gasoline can exploded and burned the upper portion of his body badly. His mother, Betty, was less severely burned when she tried to extinguish the flames from his clothing.

Mark is expected to remain at the Burn Institute from six months to a year, where skin grafts over 45% of his body will be necessary.

Methodists Declare Fair Housing Support

In final meetings of the Annual Conference of Rock River Methodists, the delegates have declared their support of fair housing legislation and a state program for rehabilitation of alcoholics.

The delegates recommended that public aid payments be money payments to help recipients maintain human dignity. They approved experimentation with the shared time program, by which parochial students have certain classes in public schools. The Chicago-area Methodists commended the state of Illinois for having a strong anti-gambling law.

Lions Club Hear Pro NBA Player

Members of the Antioch Lions Club heard John Kerr tell about life as a pro basketball player at Monday night's meeting. Kerr, a center with the Philadelphia 76ers, told several anecdotes about fellow players in the NBA.

Two new members were inducted at the meeting — Arthur Meierdick and Mike Haley.

Legion Carnival Site Remains A Problem

The question of where the Antioch American Legion will hold its carnival was still unresolved Tuesday night, as the village board gave Paul Chase, chairman of the Legion carnival, permission to hold the carnival July 6-11, with several provisions.

The carnival has been held in the village parking lot in former years. With the parking lot improved by blacktopping, and the shopping plaza promised access to it, the board has been reluctant to approve its use for the carnival.

It was previously suggested that the High School athletic field be the site of the carnival this year. Chase reported that the carnival owner had inspected the field

and found it too small. The manager of the local A & P, he said, had readily approved the Legion's use of the parking lot.

Edgar Simonsen pointed out that sanitation problems had arisen in the past, mainly because carnival workers lived on the lot in house trailers for the course of the carnival. Mayor Toft suggested that all house trailers could be berthed at neighboring trailer parks during the stay of the carnival.

The board granted the Legion permission to use the parking lot for the carnival with the provisions that carnival workers not live on the site, that it be confined to an area west of the 2-hour lot and east of the road case-

ment, and that written permission from the A&P Store and the Plaza owners be obtained and presented to the board.

Little Leaguers will be selling decals on the village streets on July 10. The board gave John Waring permission for the League's money-raising event.

Sam Lombardo, Oakwood Knolls representative, presented a petition of protest signed by Oakwood Knolls residents, protesting the building of a duplex in the subdivision. Lombardo said the residents felt a duplex would downgrade the community.

Irving Walsh pointed out that there were already two or three two-family units in the Knolls. Apartments had been built over garages, etc., he pointed out.

Nine street lights will be installed in Oakwood Knolls. A representative of the Public Service Co., Roger Williams reported, had estimated the monthly cost at \$32.79.

A discussion of conditions on the corner of Route 21 at the Colonial Apartments brought out the fact that the apartment house owners had blacktopped the wrong street. Provisions at the time the building permit was given included blacktopping Buena Ave. and a parking area. Neither of these provisions had been fulfilled, it was pointed out.

Irving Walsh, chairman of the committee appointed to investigate the purchase of parking area on Broadway from Peg Fields, reported that the price of the land was too high for the village. He recommended that other parking facilities be investigated.

Mayor Ray Toft appointed a committee of Irving Walsh, Robert Wilton and Dave Nissen to investigate complaints of unsightly conditions on property on east North Ave.

The board approved a recommendation of Arthur Meierdick, chairman of the police committee, that three meters be removed on Orchard St. at the intersection with Main, because parked cars interfered with visibility. His recommendation that parallel parking be installed for the other meters was also approved.

The board also approved a motion to promote Patrolman Emil Ehner to Sergeant.

Stolen Torpedoes Are Dangerous

A warning is sounded by Police Chief Jack Heick and Soo Line Stationmaster Les Sorenson that torpedoes taken from the Soo Line's storage shed are potentially dangerous.

The theft of six fuses and six torpedoes from the shed was discovered on June 14. The shed is about a block north of the Soo Line depot. The torpedoes contain a charge of dynamite and explode with about the force of a shotgun blast, according to Mr. Sorenson. They are used to warn approaching

train of danger ahead. The torpedoes are placed on the track, the train detonates them when it goes over them, and the noise is a warning to the engineer.

It is believed that the torpedoes were taken by youngsters or teenagers. Chief Jack Heick warns that whoever has the torpedoes should not try to discharge them. "If they're afraid to return them," said Heick, "we wish they would bury them, or dispose of them in some other safe way."

Better Buy That Vehicle Sticker Now

If you don't have a vehicle sticker on your car, better dash down to the Village hall and get one.

Police Chief Jack Heick announced at Tuesday night's village board meeting that enforcement in earnest of the vehicle-sticker ordinance would begin next week, with tickets issued to all cars housed within the village not carrying the stickers.

The Antioch vehicle sticker costs \$8.00 at present. A \$2 penalty was added on February 15. The tags were

due as of Jan. 1. If you get an arrest ticket for not having the sticker, you will have to buy the sticker, plus court costs, plus the possible inconvenience of a day off from work to appear in court.

The vehicle-sticker ordinance, Mayor Toft pointed out, will also be used as a wedge to help remove unsightly junk cars from premises. As any vehicle housed within the village must carry a sticker, and a state license must be purchased before buying a sticker, people may find it cheaper to get rid of junk cars than to pay for the licenses. Complaints are received regularly from nearby residents of people keeping old, unused cars on their premises.

THE REV. WILTON ANDERSON, Pastor of St. Stephen Lutheran Church acknowledges reception into the Illinois Synod before the more than 700 convention delegates in convention at Rock Island, Illinois. Others in the picture are: Dr. Robert J. Marshall, Synod President; Mrs. Wilton Anderson; Mr. Everett Offodahl; and Mr. Henry Skogstad, Jr.

EDITORIAL

Leave It To The Housewife

At first glance, it might look like quite a convenience for the busy shopper, this packaging and labeling bill, now being contested in Congress. No doubt about it, every buyer has muttered through his teeth when he got home with that big, economy size and opened it to find it perhaps two-thirds full. And sure, we all wish weights and lists of ingredients were printed in big, bold type.

There's no gain without some loss, though, and the losses are way ahead of the gains.

First thing you lose is a large hunk of your freedom. Freedom includes the privilege of making your own mistakes. Here, Big Daddy Government offers to step in and make sure that no one bilks his not-so-bright taxpayers by selling them a deceiving package of goods. For a price, of course.

The price includes more suffocating restrictions on the manufacturer. Those wonderful improvements in packaging that every housewife loves will come slower — much slower — with every restriction. Some of them that are really jim-dandies may never reach the retail shelves if the politics of the manufacturer are wrong, or if some bureaucrat who has to earn a day's pay decides that a certain letter of the law has been infringed on.

Another price will be more taxes — the more laws there are to enforce, the more people it takes to enforce them.

And what of cosmetics? Will all those ravishingly lovely names, that convince the user, if only momentarily, that a touch of this lipstick, a drop of this lotion, will drop a mantle of instant beauty over her, have to be replaced by down-to-earth, factual names and packages? Would Congress take all pleasure out of our lives?

Truth to tell, the canny American housewife enjoys pitting her wits against the lure and guile of the best brains in the packaging industry. And she does pretty well at the job. Any manufacturer who thinks to build a solid business by selling her a bill of goods had best watch out. We'll bet she can outsmart any Congressman when it comes to tossing out fraudulent packages.

Courthouse Notebook

BY LOU DURKIN

Should the votes cast by an elected representative in a legislative chamber reflect the sentiment of the voters back home or should a legislator's vote reflect his own personal opinion on an issue?

This is the dilemma Cong. Robert McClory finds himself facing as he seeks to explain his voting record to his constituents, many of whom are unalterably opposed to anything that even faintly suggests liberal or moderate thinking.

Much of the 12th Congressional District is solidly conservative even though Pres. Johnson carried Lake County last November, but Cong. McClory's voting on Medicare and several other Johnson Administration bills leads one to suspect that he is out of tune with the people who elected him.

Of course Cong. McClory's position on various issues was not the basis for his election to Congress in 1962.

The former State Senator won the Congressional nomination in a nine man race because he was better known than any other candidate in Boone and McHenry counties and because he had a well-organized and well-heeled campaign.

Election to Congress after winning the Republican nomination was virtually automatic and his re-election was assured when he was unopposed in the 1964 primary.

Normally it would be a political reversal of the highest magnitude for a two term Congressman to be unseated in a primary race, but there is growing dissatisfaction with the present U. S.

Representative from the 12th District because of his apparent disagreement with the wishes and philosophy he is supposed to represent.

It is becoming increasingly apparent that some conservative Republican powers are seeking a change in Congress and are looking for a candidate to run against Cong. McClory.

Since some of these leaders have been in McClory's corner in the past and have provided substantial campaign funds their defection could seriously impair the Lake County congressman's chances for re-election.

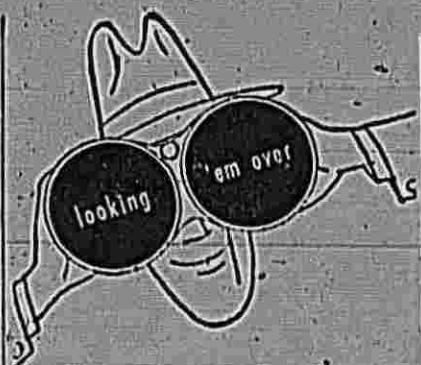

In the light of this growing situation the selection of Atty. Max Wildman, of Lake Bluff, to make the graduation address at the Round Lake commencement exercises takes on political overtones.

One speech does not make a political campaign, but it certainly opens the way to speculation.

Future political plans of former State Rep. W. J. Murphy are a subject of discussion whenever the conversation swings from the elimination of crabgrass or golf scores to politics.

Much depends, of course, on the kind of representative map the Illinois General Assembly comes up with during the present session, assuming they are ever able to resolve their political differences and accomplish re-apportionment.

If the re-map isolates Antioch from Shields and Deerfield townships, Murphy would probably be a candidate for State Representative and he would certainly

By Pearl Kapell

Are you enjoying a new car? Well, I'd like to do a little bit to spoil your pleasure.

Have you happened to notice whether your tires are 2-ply, 4-ply or what have you? No? Well, go out and take a look.

It won't be easy. The tires are put on so that you'd have to crawl under the car and look at the inside of the tire to see what ply they are. So, of course, you'll look at your spare.

However, you'll discover even that will have to be removed and turned over to find out what you want to know. And then, chances are, you will say triumphantly, "Ah-ha, see, 4-ply rating!" In nice, big letters!

Look closer, friend. Underneath, in very small letters, it will probably say "2-ply." So now, start worrying.

Because 2-ply tires are not very strong, really. And as cars get bigger, and heavier, and faster, and more beautiful, less and less of solid quality is being built into the safety factors. Like good tires, which mean very little to the average buyer.

Women, of course, are the worst offenders in this respect. They want more and more beauty and convenience for their money. They know very little about things like tires, and care less. They'd feel terrible if they thought they were endangering the lives of their loved ones. The thought never enters their heads.

You can hardly blame manufacturers for catering to them. And to all the men who want speed and a "sharp" car, and know very little about the mechanics of a car.

There are stirrings of awareness of the shoddy quality of many of today's tires, and the danger they create. A fervent fan of the Indianapolis race called our attention to the inadequacy of the tires on many new cars. It might be worth your while to study up on the matter a little, yourself. There's nothing like buyer resistance to improve quality.

Plan Trail Ride For 4-H Members

Lake County 4-H club members enrolled in the Horse and Pony projects will participate in a trail ride Sunday, June 20. The ride will start at 10 a. m. in the Skokie Division of the Cook County Forest Preserve. The Cook County Forest Preserve has allocated one of its preserves for the Lake County 4-H members and will furnish a Ranger to assist with the ride.

Parents are also invited to join the ride along with their 4-H sons and daughters, advises Ray T. Nicholas, Lake County Farm Adviser.

Vice President Humphrey notes that "our citizens are living longer." Maybe it's their sense of patriotism. Somebody has to pay those taxes.

be hard to beat in his own back yard.

Don't rule out the possibility of a bid for a higher state office, however, in light of the confusion within GOP ranks throughout the state.

In the meantime, Murphy is concentrating his efforts on his real estate business, frequent "non-political" trips to Springfield, and an investigation into the disappearance of some prime dolphin filets.

Seems that Murphy and William Zeigler, Round Lake plumbing tycoon, brought the filets back from a recent fishing trip in Florida and left them in the freezer at Renwood Country Club.

Coincidentally the Renwood menu carried a new fish for a brief interlude.

The two anglers went back to get their fish, but Ed Walters, the Renwood major-domo, couldn't find them and apologized profusely if ineffectively.

It would not be advisable for anyone right now to invite Murphy and Zeigler to a fish fry and serve them dolphin.

Question Of The Week

WHAT DO YOU THINK WOULD BENEFIT MOST TEENAGERS TODAY?

Loss publicity about their wrongdoings and more publicity about the good they do for communities. It seems that teenagers may be doing "thrill acts" only to be noticed. Perhaps teenagers would profit more if society accepted them as they are instead of the false understanding many of the "do-gooders" give them.

Charlotte Queen
Each town should see to it that they have some place teenagers can go in the evening.

Your Congressman Reports....

By Cong. Robert McClory

The more than 17,000 answers in the questionnaires returned by 12th Congressional District residents reveal some interesting results.

There was overwhelming support (87%) for adoption of a study of the metric system as the official system of weights and measures of the United States. This indicates a surprising recognition on the part of the average citizen that conversion of our system of inches and feet and ounces and pounds to a universal system of centimeters and meters and grams and kilograms would promote scientific development and enhance international understanding.

This subject, embodied in a bill sponsored by this Member (H.R. 38), is now pending before the House Science and Astronautics Committee, with a hearing expected in the near future. If enacted, this bill will authorize a five-year study with the hope of establishing a schedule of conversion to the metric system during the ensuing ten or fifteen years.

Almost one-half of those who answered the question regarding medicare legislation favored an individual program of private health insurance. The next largest group supported expansion of the Kerr-Mills or Elder-Car program to furnish hospital and medical care for the needy aged. The least popular program was that involving hospitalization—financed by an increase in Social Security taxes. The measure which the House has passed embodies all three types of programs, plus increases in Social Security benefits to old-age beneficiaries, widows and dependents, as well as medical and hospital care for the blind, the physically handicapped and assistance for the mentally retarded.

Although the comprehensive "Social Security Amendments of 1965" cover 100% of the answers on this issue, it could scarcely be suggested that 100% of our 12th District residents are pleased with the outcome of this legislation. Most, including this Member of Congress, would have preferred a program which omitted that part embodying compulsory hospitalization insurance under Social Security. However, the alternative was defeated (against solid Republican votes) before the comprehensive measure was passed by an almost three-to-one margin.

A surprising result in the questionnaire was the high percentage of persons favoring increased trade with the Soviet Union and communist bloc countries. Almost 58 per cent of those answering this question supported increased East-West trade, providing it did not involve strategic materials. Only about one-third favored no trade whatsoever. This opinion appears to coincide with an attitude developing in the business community as evidenced by a recent conference of the United States Chamber of Commerce and recommendations emanating from the President's Council of Economic Advisors.

The most indecisive result produced by the questionnaire was that relative to the issue of "Truth in Packaging." The variety of answers received indicates that the

Jane Bloom

To the Editor, Annie Mae, And All Purchasers and Readers of the Antioch News:

Yes, there was a fight at the Roller Rink in Antioch June 5th. I know, I was there. There were four boys who left, I don't know if they FLED, it looked to me as though they left to avoid a fight. The boys in Antioch have developed a healthy respect for the law and Police Chief Heick.

If these boys hadn't been arrested would you have been interested in what was going on at the roller rink? What will you print about the other one hundred and the dance?

Everything possible is being done at the roller rink to lure the kids off the street, from dime admission parties, two for the price of one matinees, special rates to families for skating and many more, if you wanted to take the time and make the effort to find out about them.

We have said before and will continue to say—all parents are invited to come into the rink as spectators for any public event free of charge, and stay as long as they like. In fact, we wholeheartedly want them to come. How about you? Have you come? How many readers have come? Show enough interest in our youngsters to want to see what they are doing and where they are going.

Did the paper ever publish the fact that the owner of the rink requested a police officer on duty at the rink during the dances at his expense to insure as little rowdiness as possible and that there has been one on duty every Saturday for a year now, that several of the trouble makers in the area are barred and can't get past the front door? Has anyone ever checked to see how many girl scouts earned their skating badges at the rink or covered an award presentation that has been given at the rink for these girl scouts?

We realize the events at the rink will never make the society columns, but then, we don't expect them to bit, it seems there must be a middle road. Every paper should be big enough to cover everything from society news to the seedy side of life with room also for the things that come between.

Ask any of the policemen who have been at the rink at a dance about the number of youngsters who attended these dances in a month, about their conduct and the percentage of disturbances in comparison to the number

public is confused on this issue. This "confusion" appears to be the excuse given for this proposal. The sponsors contend that the variety of sizes, shapes, colors, labels and illustrations on packages requires a new Federal law and extensive Federal regulation in order that the American housewife may avoid any such confusion.

The numerous comments which accompanied the questionnaires have resulted in interesting and valuable reading for this Member of Congress. General reactions have been most favorable with literally thousands of persons expressing appreciation for this opportunity to state individual opinions. The decisions of the writer here in the Congress must be formed individually. However, the questionnaire results, including the numerous comments and suggestions, have been of immeasurable value in helping to form knowledgeable decisions on these various critical issues facing our nation.

In attendance. Don't forget these youngsters are at an explosive age, not quite men, but still not boys. An age where even some parents find it hard to cope with ONE. None of you were born an adult.

Would it be better if these youngsters pooled their money to fill the gas tank in a car, buy some beer, and kill themselves or someone else while joy riding on the highways? What about the adult that sells the beer?

Help to give the youngsters in this area a place to go and something to do, this is what we are trying to do why not try to help?—These are YOUR CHILDREN and grandchildren and MINE. There are too many places with signs posted to discourage them from coming in.

You called on the respectable citizens of the area to do something about these episodes. I also want to call on them to ask them to get to know these youngsters first hand—not second hand. Don't sell them short, you get only what you expect.

I do think your phrasing about a girl getting her arm cut is misleading. I don't deny she got cut (Did you know how it happened?) but I would think it quite difficult for someone to FALL THROUGH a pane of glass seven inches wide.

VIOLET McDONALD
Antioch, Illinois

Dear Sir,

In a recent letter to the Editor Mrs. Pearl E. Scully, of Antioch, sought to place the full blame for teen age or minor drinking on the tavern owner.

This is a little like trying to place all the blame for traffic fatalities caused by excessive speed on the salesman who sells the car designed to go faster than the posted speed limit or on the manufacturer who builds the overpowered cars.

Of course it is easy to place all the blame on the tavern owner because he is a favorite whipping boy for most people, even including those who are regular tavern patrons themselves.

It is less popular to place the blame where it belongs, on the teenagers themselves, on the parents who fail to instill in them a respect for the law, and on the courts which fail to punish minors who openly and repeatedly flaunt the law.

The law specifically states

that it shall be illegal for anyone in the State of Illinois under the age of 21 to purchase any alcoholic beverage for their own use or for the use of anyone else.

But how often do you hear of a court punishing a minor for this violation. It is more expedient and more popular to absolve the minor of responsibility for his actions and seek to place the blame on someone else.

As a tavern operator, myself and as President of the Tavern Owners Association of Lake County I am well aware that there are good and bad tavern owners just as there are honest merchants and those who knowingly sell shoddy goods.

There are butchers who give you an honest measure and there are those with heavy thumbs; there are honorable attorneys and there are shysters.

Contrary to Mrs. Scully's opinion, most tavern operators are family men and most have teen age children or have seen their children there. They support their church, pay taxes, and contribute their share and more to the community in which they live.

We are concerned with the problem of drinking by minors and would welcome a solution to a very real issue.

Perhaps the answer lies in accepting the changes in the way of life and the mores of the community in which we live and changing the age limit to conform to the times.

Certainly the teenagers of today are bigger, stronger, better educated and more sophisticated than they were 30 years ago and perhaps this should be recognized by the laws under which they are expected to live.

In any event a solution to the problem will not be found in seeking to place the blame on one segment of society or on one party to an illegal transaction.

Casimir (KI) Serzynski

The Illinois Society for the Prevention of Blindness asks parents to be on the alert to unscrupulous people "bootlegging" illegal fireworks. Report them to the local police.

Don't risk blindness or other bodily injury by celebrating July 4th with fireworks. Keep your children safe.

Adult Comedy At Avon Auditorium

The Avon Players will present "The Captain's Paradise," a comedy by Alec Coppel, on June 25, and 26, at 8:30 p.m. and June 27, at 7:45 p.m. at Avon Auditorium, Route 93 three miles north of Grayslake.

The play tells how Captain Henry St. James, played by Ken Smith of Waukegan, seeking a Utopian state of Paradise, found and worked out an ideal system of achieving this. But like all man-made things, it was not perfect and had side effects and unforeseen complications.

The adult comedy is directed by Gloria Blomgren and produced by Fran Insande.

Cast members include Bob Matthews, Betty Schmidt, Joan Ryan, Jim Queenan, Virginia Lind, Steve DeShryver, Roy Tidlund, Tom Whitmer, Roger Insande and John Shay.

RUTH DAHLGREN, left, from Sweden, is visiting her cousin, Mrs. Linnea Reimer of Lake Villa (right).

Visitor From Sweden At AARP Meeting

Mrs. Ruth Dahlgren of Boras, Sweden, was a guest at last week's meeting and potluck luncheon of the American Assoc. of Retired Persons.

Mrs. Dahlgren was with her cousin, Mrs. Linnea Reimer, Lake Villa, with whom she is spending the summer.

"Ruth loves America and Americans," Mrs. Reimer said. "And she's having a wonderful time." Mrs. Dahlgren speaks no English yet, but is working hard on it. "We practice speaking English for about an hour every morning," Mrs. Reimer explained. "I speak Swedish—not the way Ruth does, of course—but we've managed to communicate right from the first."

Mrs. Dahlgren's visit to this country came about because of Mrs. Reimer's visit to her cousin in Sweden last year. The two had corresponded for many years. Mrs. Dahlgren had never considered visiting America until her cousin's urging awakened her interest.

Mrs. Dahlgren flew to O'Hare field, arriving June 1. She'll spend the summer with Mrs. Reimer, and return to Sweden about the end of August.

Michael Murrie

Murrie Receives B.S. Degree

Michael Murrie, son of Mr. and Mrs. Lloyd Murrie of Antioch, is one of 109 seniors who received bachelor degrees from Illinois College during commencement exercises held Sunday, June 6.

He received the Bachelor of Science degree in afternoon ceremonies held in the Campus Grove.

Illinois College is the private liberal arts institution which was the first in the state to graduate a class, having been founded in 1829.

Murrie was a member of Sigma Pi literary society, vice-president of Illtoppers campus drama society and active in Young Republicans Club.

Where The Boys Are

RECEIVES AWARD

SCHOFIELD BARRACKS, June 10—Specialist 4 Leonard Case, son of Mr. and Mrs. Leonard S. Case of Rural Route 3, Antioch, received a check for \$15 in return for his suggestion on June 3, 1965. Working in the Identification Section of the Area Signal Office, U. S. Army, Hawaii, he hit upon a faster method of laminating I.D. cards which has been adopted by the Army and is currently being put into use.

After graduating from Antioch Community High School Case worked as a cutting and creasing pressman for Kleer Wrap Inc. of Mundelein, until his entrance into the army on May 3, 1960. His basic combat training was taken at Fort Leonard Wood, Mo., after which he was stationed at Fort Benjamin Harrison, Indiana for 3 years until orders called for service in Hawaii.

He and his wife, Corrine, arrived in Oahu, Hawaii, on September 5, 1963. Their home is at 357A Hobron Lane in Honolulu.

USS SHANGRI-LA, (CVA 38) June 2—Aviation Boat-svair's Mate Airman Daniel C. Barone, USN, son of Mr. and Mrs. L. Barone of Route 4, Antioch, is visiting Mar-seilles, France, May 28-June 2, while serving aboard the attack aircraft carrier USS Shangri-La, operating in the Mediterranean with the U. S. Sixth Fleet.

FORT KNOX, KY. —Pvt. Earl C. Higgins, son of Mr. and Mrs. Edwin C. Higgins, Route 4, Box 417, Antioch, completed a six-week general supply course under the Reserve Enlistment Program at the Army Armor Center, Fort Knox, Ky., June 11.

The 22-year-old National Guardsman, who was employed by the Jewel Food Store in Kenosha, Wis., before going on active duty, is a 1962 graduate of Salem, Wis. Central High School and attended the University of Wisconsin, Kenosha extension.

GRADUATES RETURNS FOR VISIT

Denise Jarvis, the daughter of Mr. and Mrs. Clarence Jarvis, graduated from Lakes High School in Tacona, Wash., on June 9. The Jarvis' are former residents of the Antioch area.

Denise, accompanied by her sister, Shanda, will arrive in Antioch on June 18 to spend the summer with her sisters, Mrs. William Camilla Kohl and Mrs. Margo Christensen.

The Jarvis' moved to Washington about a year ago.

A generation ago, most men who finished a day's work needed rest; now they need exercise.

THE ANTIOCH NEWS 4

Official Visit of G.W.A. To Rainbow

Over 200 persons attended as the Antioch Assembly, Order of Rainbow for Girls, held its official visit of the Grand-Worthy Advisor, State of Illinois, Harriet J. Wells, on June 12 at the Antioch High School. Assemblies from all over the state were represented.

Harriet appointed the following: girls for the 1965 session of the Grand Assembly to be held at the Conrad Hilton Hotel, Chicago, on July 15-17; Leslie Beebe, W. A. of Antioch Assembly, as Harriet's personal Grand Page; Judy Wells as Junior Grand Page, and Linda Brown and Kathy Gaston to serve in the Grand Choir.

The annual father-daughter Potluck Supper will be held June 21 at 6 p.m. at the Masonic Temple, followed by movies of Hawaii. Line officers are required to be at the temple at 10 a.m. Monday to set up for the dinner.

MOURNING DOVE SURVEYS

Personnel of the Federal Bureau of Sport Fishing and Wildlife and the Illinois Department of Conservation have been conducting a mourning dove survey between May 20 and June 10. Technicians drove 20 miles along 20 permanently located routes from one-half hour before sunrise until two hours after sunrise. They counted doves seen along the routes and the number of calls heard during three-minute stops at every mile. Data obtained in this manner throughout the country provides information concerning the dove-breeding population.

In 1964 the dove-breeding population in the Eastern Management Unit, in which Illinois is located, had increased 7.4 per cent over the 1963 population. Dove population throughout the United States was almost 8 per cent higher than the year before and almost 3 per cent above the 10-year average.

HOME OAKS CEMETERY ASSN. TO MEET

Annual meeting of the Home Oaks Cemetery Association will be held at the Robert Hughes home on Deep Lake Road, June 21st at 8 p.m. to hear reports, considering platting new sections, fencing and other business that may come up. All persons interested are invited to attend.

DAUGHTER TAKES VOWS

Mary Jacqueline, the daughter of Mr. and Mrs. Lou Baffetti of Antioch and Chicago, takes her final vows on Saturday, June 19, at St. Dominick's School at Quincy, Ill. She will become a member of the Dominican O. P.

HOSPITAL NOTES

Lewis Rogers, Rt. 3, Antioch, is in Victory Memorial Hospital for observation following eye trouble.

Nancy Willett, Oakwood Knolls, Antioch, recently returned from Victory Memorial Hospital where she was hospitalized with a head injury.

LEAVES FOR TWO WEEKS TRAINING

William Wilton, son of Mr. and Mrs. Robert J. Wilton, Antioch, left Saturday for Camp Jackson, South Carolina, where he will spend two weeks in training.

FORMER RESIDENT BACK FOR VISIT

Mrs. Dale (Ann) Bartley was back visiting friends at Channel Lake last week.

Ann, who was seriously injured in an automobile accident last year, is ambulatory and feeling fine again.

SORRY! WRONG NUMBER

Mr. and Mrs. Frank Ehrhardt, Rt. 4, Antioch, celebrated their 25th wedding anniversary on May 22, not their 50th, as was reported in last week's Antioch News.

Lindenhurst News

Dinner Outing

One of our village's Canasta Clubs had their annual dinner outing at the Mid-Lane Country Club in Wadsworth, recently.

Bed Ridden

Mrs. Bud (Dee) Flint has been bed-ridden for the last week with a slipped disc. Her daughter, Janice, just got over having scarletina.

On Jury Duty

Floyd Stanley is doing jury duty in Chicago. He started last week.

Anniversaries

Congratulations to Floyd and Lu Stanley on their 18th wedding anniversary June 15. To Paul and May Hunt on their 17th anniversary on the 12th; Tony and Sandy Drago 24 years also on the 12th; Henry and Martha Maxwell 27 years on the 14th; Bob and Dorothy Smith 11 years on the 18th; June and Frank Simecek 23 years on the 19th; Claude and Marie Anderson 8 years on the 20th; 23 years for Gene and Marolyn Biaggi on the 21st.

Birthday

Happy birthday wishes go to Ed Bernau, Florence Gruszewski, June Simecek, Johnny Kasperski, Ronnie Coles, Minnie Hart, Glenn Flanagan and Mike Tummiello. And to all you other June celebrants.

Girl Scouts Earn Skating Badges

Twelve Jr. Girl Scouts of Troop 212 in Venetian Village and three from Troop 216 in Lake Villa earned their skating badges with the help of James Ferrier of the Lake Region Roller Rink in Antioch. The girls recently completed a five week course consisting of two hours of lessons and three hours of practice, weekly.

June 1 the girls presented a program. Vicky Mitchell was the flag bearer for Troop 212 and Linda York for Troop 216. Everything was done on skates. Mrs. Barbara Mitchell, leader of Troop 212, presented skating badges to Kim Caraher, Vicky Mitchell, Jean McCarthy, Denise and Kay Kikendahl, Robin Rohlweider, Linda Withner, Theresa Rosol, Marianne and Nora Plovick, Marie Gentile and Cindy Geisick. Mrs. Mary Jane Klinzing, leader of Troop 216 presented badges to Linda and Kristie York and to Cheryl Robinson. Mr. Ferrier presented the girls with skating certificates.

Graduation

Open house was held at Pastor Nelson's last Wednesday for Mark Nelson, who graduated from Antioch High and for Masaji Okubo, Japanese foreign exchange student, who lived with them for the past ten months. About 45 persons attended, many of them from the student council, and several teachers and advisers. Earlier in the week they had given Masaji a wrist watch. Masaji took them on a tour of Japan with slides of his home.

Masaji will be leaving

June 30 from Downers Grove with several other A.F.S. students for a two week bus trip that will terminate in Washington, D.C. There, President Johnson will address them. From there they will go to San Francisco where a chartered plane will fly them to Tokyo. Pastor Nelson said they have had a pleasant time with Masaji and have enjoyed having him in their home. Masaji said he feels sad at leaving.

Monday morning, the Sven Osterlunds of Antioch took Masaji to Chicago to watch the parade with Astronauts Edward White and James McDivitt.

Sunday afternoon, the Luther League from St. Mark Church is having a farewell splash party at Cedar Lake for Masaji.

Prince of Peace Church

Ten past presidents of the Prince of Peace Church Altar and Rosary Sodality were honored at last Wednesday's meeting of the society, in observance of their tenth anniversary.

Father David Lynch installed the new officers for 1965-66. Mrs. Edward Kovanda, president; Mrs. William Belter, first vice president; Mrs. Thaddeus Skora, second vice president; Mrs. George Anderson, secretary; and Mrs. Jerome Knoff, treasurer.

Diaper Set

Mr. and Mrs. Ronal (Iris) Hedden, 1812 E. Longmeadow Drive, have named their second child, Laura Elizabeth. She was born June 5, at Victory Memorial Hospital and weighed in at 6 pounds, 7 ounces.

Mr. and Mrs. Ronald (Jean Marie) Hlavin, 314 S. Thornwood Dr., welcomed their first child at Victory Memorial Hospital on June 10. Patricia Lynn weighed 7 pounds, 2 ounces.

Vacationing

Mrs. Hilda Huntington and her three children, Daniel, Gregory and Nancy are leaving Friday morning for a two week vacation at Staple Lake Resort, Wis., near Spooner.

St. Mark Lutheran Church

The Couples' Club of St. Mark Lutheran Church will meet at the home of Mr. and Mrs. Edwin Erber, Grand day at 2 p.m.

Randall Alan, infant son of Mr. and Mrs. Richard Rendtorff was baptized last Sunday during the worship service.

Beverly Baybee and Karen Hlavin will represent St. Mark Luther League at the Leadership School at Wartburg Seminary in Dubuque, Iowa, this week. Pastor Harold Nelson is going as one of the lecturers.

Picnic

Over 100 people attended the Cub Scout Pack 84's picnic Sunday at Van Paten Woods, east of 41 on Rte. 173.

Investiture Ceremonies

Nine girls were invested into Brownie Troop 126 at their last meeting of the season, recently. Pinned by their leader, Mrs. Irene Martinez, were: Amy Ploss, Renee Moreland, Cheryl Vozquez, Linda Blickenderfer, Shirley Stedham, Katherine Clark, and Georgianna Kovanda. Not present for the ceremonies were Denise Golden and Joann Martin.

Mrs. Martinez was presented with a farewell gift from the girls in her troop by Mrs. Joyce Maloney, co-leader.

Girls in the troop who were in the Fly-up ceremonies held at Lehmann Park Sunday were Renee Bourque, Nancy LaChance, Janet Mathieson, Nancy Murawski, Cheryl Stangel, Julie Stap-

384 Lake St. Antioch, Ill.

Receives Fellowship At De Pauw Univ.

Harold N. Andrews, son of Mr. and Mrs. Roger J. Olson, Lake Catherine, was recently appointed to a fellowship at De Pauw University, Greencastle, Indiana, for this summer.

Mr. Andrews was one of fifty teachers appointed from applicants throughout the United States. He will participate in the conference on American Studies from June 28 to July 30.

The purpose of the conference is to improve the understanding of our American heritage on the part of these teachers who are most directly concerned with imparting this heritage to young Americans. Six hours of

Harold Andrews

graduate credit are earned toward a Doctorate.

Mr. Andrews received his Bachelor of Philosophy degree in History in February, 1963, from De Paul University, Chicago, and his Masters Degree in School Administration (with honors) the following year, 1964, from De Paul.

Mr. Andrews has taught three years, his most recent post being at Antioch High School, where he taught American and World History, was assistant freshman coach, and organized and sponsored the Antioch Historians Society.

Mr. Andrews was also recently appointed area representative for Field Educational Enterprises, publishers of the World Book Encyclopedia, and can be reached at 395-1306.

Waukegan, Antioch, Gurnee, Grayslake and Lake Villa.

Christian Scientists Hold Annual Meeting

The Christian Science Board of Directors urged its church members to find the "areas of agreement" which exist with other denominations—rather than think of ourselves as entirely different or exclusive.

From the church's earliest beginnings, said the Directors, it has been deeply involved in "the search for the real source of unity."

The message was presented before several thousand members at the annual meeting of The Mother Church, The First Church of Christ, Scientist, in Boston, Massachusetts.

On the basis of its spirituality Christian Science has much in common with other denominations," the message noted.

To every honest adherent of any God-centered faith sincerely working to uplift and unify the human race, we offer our fellowship and support.

The annual election of a new church president by the Directors was also announced at the meeting. Mrs. Frances S. Wells, C.B.S., of San Antonio, Texas, took over as presiding officer from the retiring president, Edward Froderman of Chicago. Both of them also hold positions on the Board of Trustees of The Christian Science Publishing Society.

Mrs. Wells, a graduate of Briarcliff College, New York, has been an active teacher and practitioner of Christian Science in San Antonio for several years.

In reports to the meeting by the managers of various church departments, it was disclosed that the number of Christian Science branch churches had reached the 3,300 mark with recent additions in Argentina, The Netherlands, New Zealand, and, for the first time, in Guatemala and Korea.

More church members began devoting their lives to the Christian Science healing ministry, with official recognition granted to individuals in 34 states of the United States and 10 other countries, including India, Indonesia, Uruguay, and the Republic of South Africa.

New applications for church membership were reported to be on the increase in a number of countries, particularly the Congo, Nigeria, Zambia, East Germany, Poland, South India, Cuba, and various other sections of Asia and Latin America.

A Norwegian edition of the Christian Science textbook, Science and Health with Key to the Scriptures, by Mary Baker Eddy, was added this year to the denomination's growing body of translated literature.

Several other reports at the meeting indicated that the church is continuing to broaden its communications effort through improvements in its public lectures, weekly radio series, New York World's Fair Pavilion, and various publications, including the well-known daily newspaper, The Christian Science Monitor.

Army Offers Motor Mechanics Training To Recruits

It has been announced that a great need for motor mechanics has arisen in the U. S. Army by SFC Arthur Nelson, the local Army representative.

Sgt. Nelson states that any one interested may take advantage of schooling in Engineering, Equipment Maintenance, Artillery Track-Vehicle Maintenance, Automotive Repair, Aircraft Maintenance, or Aircraft Hydraulics Repair.

These courses, which range in length from five to 19 weeks, prepares a young man to meet any and all deficiencies in motors. Personnel are badly needed in this field since the army has accumulated its vast array and variety of cars, trucks, tanks, boats and planes.

The Army's policy is to keep all equipment in tip-top shape and a large crew of mechanics is kept on hand at all installations to see that this is done.

High school graduates may choose exactly what type of mechanics they would like to enter. Those who are graduating this year may qualify now and be guaranteed in writing before enlisting in June.

The sergeant says that this training is very beneficial to a young man who wishes to be a mechanic in civilian life. This will give him the experience needed and will enhance his knowledge of all types of motored vehicles.

To qualify for this exciting profession in the Modern Army, an applicant must have an aptitude toward mechanics, be in top physical condition and be 18 years or older. Seventeen year olds may apply with their parents' consent.

Rescue Squad Aids Gunshot Victim

Fred Teechert, Liberty Ave., Loon Lake, was taken to the hospital by the Antioch Rescue Squad on Wednesday, June 16, following a heart attack.

Dale Nielsen, 2, of 1077 Hillside Ave., Antioch, was taken to the clinic for treatment on July 14 when he became ill at home.

Raymond Volenziano, 10 years old, of 200 Hilltop, was taken to Zion Memorial Hospital by the squad on June 13 suffering from an asthma attack.

Doris John, Oakwood Knolls, was taken to the clinic by the squad after suffering a fainting spell.

Douglas Ream, 13, of Grass Lake Road, Loon Lake, was taken to Victory Memorial Hospital by the squad on June 10. Young Ream was accidentally shot by a companion with a .22 rifle.

Fred Larson, 32, of Rt. 4, Box 448, was taken to Victory Memorial Hospital by the squad on June 10. Charlotte Pokorney, 37, of Rt. 4, Box 222A, Antioch, was taken to Victory Memorial Hospital on June 9.

Red Cross Nursing Course Is Free

The Lake County Region of the American Red Cross will offer free Home Nursing course—especially designed for home economics teachers and school nurses beginning June 21.

Instruction will begin at 9 a.m. on June 21, and will last for six hours a day for five days ending on June 25. The instructor will be a staff member from Mid-America Chapter, American Red Cross, in Chicago.

The intention of the course is to prepare teachers and nurses for teaching home nursing skills to high school students in the coming school year. The training course is not restricted to only school nurses and home economics teachers. Others who would like to teach home nursing to groups in their communities are welcome. They should, however, have some nursing or teaching experience.

Classes will be held in the Lake County Farm Bureau building on U. S. 45, just north of route 120. Call the Red Cross at 662-4044 to register.

The average American consumes 95 pounds of sugar a year.

The sergeant says that this training is very beneficial to a young man who wishes to be a mechanic in civilian life.

This will give him the experience needed and will enhance his knowledge of all types of motored vehicles.

To qualify for this exciting profession in the Modern Army, an applicant must have an aptitude toward mechanics, be in top physical condition and be 18 years or older. Seventeen year olds may apply with their parents' consent.

Anyone wishing to be a mechanic in the New Action Army may contact SFC. Art Nelson in his office located at 820½ Washington St. in Waukegan; or call him on the phone at ON 2-5280. This THREE year enlistment may well be the turning point in a young man's life.

To ensure the education of their youngsters, parents should pull a few wires, TV, telephone and ignition.

ALL ABOUT BABIES...

A Public Service of the National Baby Care Council

HAVE FUN WITH YOUR BABY

By Mrs. Ruth P. Schaumann, Director, National Baby Care Council

The miracle of a baby's first smile—his wide-eyed response to the marvels of his strange new world, his first gurgle as he tries so hard to speak—these are the source of awe and wonder for the young

Red Cross Elects Committee Members

The Lake County Region of the American Red Cross elected or reelected six officers and 13 Regional Committee members at its recent annual meeting at United States Naval Training Center, Great Lakes.

Elected Regional Committee Chairman for this year was Edward Arpee, a Professor at Lake Forest Academy.

Other officers named were: 1st Vice Chairman: Earl Paul, Deerfield; 2nd Vice Chairman: Mrs. William Schwartz, Waukegan; 3rd Vice Chairman: Mrs. John Kyndberg, Waukegan; Secretary: Frank Potter, Gurnee; Treasurer: Elected to the Regional Committee were: Capt. W. McGaughey, Great Lakes; Harry Henderson, Deerfield; William Mount, Libertyville; Donald Flannery, Libertyville; Mrs. Raymond Marotte, Grayslake; M. C. Gates, Waukegan; Edward Taber, Lake Bluff; Tom Craig, Evanston; Ray T. Nicholas, Grayslake; Col. Alfred Pursall, Highland Park; Mrs. John Hughes, Waukegan; Mrs. Hyman Racklin, Highland Park; Harry Van Ornum, Highland Park.

The organizational meeting for the new Regional Committee will be held on June 10. New members officially take office on July 1.

John Barr, Chairman of the Red Cross Mid-America Chapter (of which the Lake County Region is a part) was the guest speaker at the annual meeting.

Too often, however, these joys are dulled because the new mother, in an unfamiliar role, finds she has a fussing baby on her hands. The unnecessary fears and tensions that result spoil the fun which she could enjoy with her new baby and cause many hours of anxiety.

Experienced mothers know that a baby who is physically comfortable and who receives his share of love and tenderness will be a happy and contented baby.

Here are a few simple rules to help promote baby's physical comfort and sunny disposition:

Sleep is important to the new infant. Be sure he gets enough rest. If he cannot move himself in bed, change his position frequently. Mattresses should be firm, the coverings light and loose enough to allow free movement.

Baby's room should be well ventilated, but never drafty. Keep the temperature between 60 and 70 degrees. Improper diapering of

babies can cause untold discomfort. Diapers should be soft, absorbent and non-irritating. All soap and detergents must be removed by repeated rinsings. If at all possible, use diapers professionally processed by diaper services which use elaborate rinsing processes and impregnate their diapers with special antiseptics to help lessen the chances of diaper rash. Change diapers frequently and cleanse the skin carefully with each change.

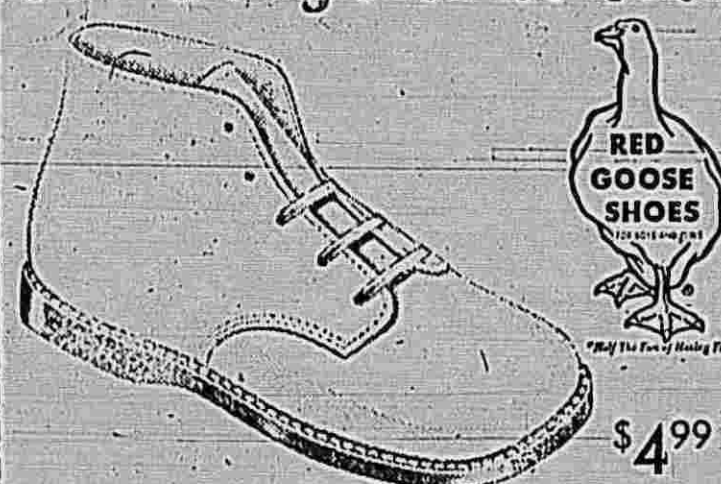

Let your baby know that you love him and that everything you do for him is a pleasure, never an unpleasant chore.

Play with him frequently; talk to him; rock him in your arms; make mealtimes a pleasant experience. During the first few weeks you can't spoil a baby with too much love. Remember that your own moods, whether gay, tense or depressed, affect your baby's moods. Your happy disposition will help promote your baby's happiness.

Take your children to a professional public fireworks display on July 4th if they want to see fireworks. Individual ownership and use of fireworks is illegal in Illinois.

DEATH NOTICES

GLENN SIEDSCHLAG

Mr. Glenn "Pat" Siedschlag, 59 years old of Channel Lake near Antioch, passed away Saturday, June 12, 1965, at 10 p.m., in St. Theresa Hospital, Waukegan, suddenly of a heart ailment.

He was born April 17, 1906 in Antioch Township, then moved to Burton Township in McHenry county, at the age of one year, where he resided until his marriage to Mildred Homan on Nov. 12, 1940, when he moved to Antioch Township to live the remainder of his life. He held membership in the Antioch Loyal Order of Moose Lodge No. 525 and the Lake County Tavern Owners Association. He was the owner of Hank's Wayside Inn at Channel Lake.

Survivors are his wife, Mildred, one son, Glenn D., of Antioch, and a sister, Mrs. Minnie Pierce, Spring Grove.

Funeral services were held at 1:30 p.m. Wednesday at the Strang Funeral Home in Antioch. Pastor Wilton Anderson of St. Stephen Lutheran Church of Antioch officiated at the services. Interment was in Wilmet cemetery at Wilmet, Wis.

LESLIE H. SHIELDS

Mr. Leslie H. Shields, 64 years old of Wadsworth, passed away on Tuesday, June 15, at 6:30 p.m. in Victory Memorial Hospital after

a month's illness. He was born Feb. 21, 1901 in Wadsworth and had resided there all his life.

Mr. Shields had served two terms as trustee of the village of Wadsworth. He was Republican committeeman for 25 years. He was a charter member and assistant fire chief of the Newport Fire department; member of Lake County Firemen's Association and trustee of the Newport Fire Protection District.

He had formerly worked as a carpenter contractor, before working as a weighman at the scale for the State of Illinois from which occupation he retired in 1961 after 8 years of employment. He had assisted his sister, Grace Shields, in the operation of the Shields Grocery store in Wadsworth.

Survivors are one sister, and one brother, Earl A. Shields, Chicago.

Funeral services will be held at 1:30 p.m. Saturday at the Strang Funeral Home in Antioch. Rev. L. H. Messersmith of the Millburn Congregational Church will officiate at the service. Interment will be in Millburn Cemetery. Friends may call at the funeral home after 7 p.m. tonight (Thursday).

MRS. LOUISE HANRAHAN

Mrs. Louise Hanrahan, 75 years old of Grass Lake near Antioch, passed away Tuesday, June 15, at 12:40 p.m. at Victory Memorial Hospital after a two month illness. She was born Feb. 8, 1890 in Chicago and moved to Antioch Township in 1905 and has resided here since that time, with the exception of winters which were spent in Florida.

She held membership in Antioch Chapter No. 428 Order of Eastern Star. Mrs. Hanrahan was preceded in death by her husband, James L. Hanrahan on May 23, 1954 (who had operated a resort on Grass Lake for many years), and one brother, Louis A. Rothers on April 25, 1928.

The only survivors are two nieces and one nephew and several cousins.

Funeral services will be held at 1:30 p.m. Thursday (today) at the Strang Funeral Home in Antioch. Rev. Wilton Anderson of the St. Stephen Lutheran Church in Antioch is officiating. Interment will be in Grass Lake cemetery. Friends called at the funeral home after 7 p.m. Wednesday until time of services.

GEORGE H. HARRIS

Mr. George H. Harris, 75 years old of 118 Kansas St., Frankfort, Ill., suffered a heart attack at 10:15 a.m. Tuesday, June 15, while riding in a car driven by a friend, James B. Craft, at the corner of Hwy. 173 and Hwy. 59. The Antioch Rescue Squad and a local doctor were called and pronounced death.

Mr. Harris and two friends David C. Blanton, Ft. Jackson, South Carolina, and James B. Craft, Mokena, Ill., had come to the Antioch area

to fish on Monday and were on their way home when Mr. Harris suffered the heart attack.

He was born Sept. 19, 1889 at Fairbury, Ill., and had resided at Frankfort, Ill., for the past 12 years. He was a retired building contractor by occupation.

He is survived by his wife, Frances, and two sons, Arthur, Manhattan, Ill., and Robert Harris, Aurora, Ill.

Funeral services will be held from the Baskerville Funeral Home in New Lenox, Illinois, on Friday with interment in Graceland Cemetery at Fairbury, Ill. Local arrangements were made by Strang Funeral Home in Antioch.

STOLEN FORMULA

An editorial in the Rocky Mountain Medical Journal says: "Recently a major American pharmaceutical firm was successful in suing a former employee for selling secrets of research and production of an antibiotic to an Italian drug manufacturer—however, not until long after the Italian firm, whose research and development costs had thus been paid by the American competitor, had underbid the same firm in a large sale of this drug back to the United States government."

Vigorous protests by many persons and organizations are now being made against purchases by our government of foreign drugs produced on the basis of formulae and methods stolen from ethical American manufacturers.

Millburn News

By Mrs. Frank Edwards
Editor 6-5795

Regular services at Millburn Congregational Church Sunday, June 20, Church and Sunday School at 10 a.m.

Bible School will begin June 21, at 9 a.m. Classes will be from 9 to 11:30 Monday through Friday. Children four years of age through the sixth grade may attend. An offering will be taken the last day.

Sunday School Promotion Sunday for the Sunday School classes will be held Sunday, June 27, at the church. This will be the last day for church school until Home Sunday, Sept. 12.

Sunday services will be at 10 o'clock as usual.

Mr. and Mrs. John Clem of Urbana and Mr. and Mrs. Charles Taylor of Evanston were supper guests of their parents, Mr. and Mrs. William Paulsen, Sunday.

Mrs. Elsa Loiz of Chicago is spending some time at the home of Mrs. George Butler. Mrs. Herbert Messner, Sr., is a patient at Condell Hospital, Libertyville.

Charles Paulsen of Knox College at Galesburg, is home for his summer vacation.

Mrs. Harley Clark and son, Glen, spent Sunday evening at the home of Mr. and Mrs. Walter Fontaine of Gurnee.

Mr. and Mrs. Orville Hairroll and son of Waukegan were callers at the home of Mrs. Frank Hauser Sunday afternoon.

CASE FOR BREVIDY

"The House Census and Government Statistics subcommittee has been hearing testimony in its study of ways to reduce the paperwork burden of industry."

"Much to the point is a message (brief) to his fellow employees from the president of a large corporation. He reminded them that the length of a communication is no guide to its importance, illustrating his point with the following examples:

"Lord's Prayer—56 words.
"Lincoln's Gettysburg address—266 words.

"Ten Commandments—297 words.

"The 23rd Psalm—118 words.

"U. S. Government order on cabbage prices—26,911 words.

"There is no objection by business to necessary, useful economic data, but complaints from many companies insist they are overburdened with thousands of reports,

Results Of Survey Told

Representative Robert McClory has announced the results of his mail survey on several pertinent questions of the day.

The 1965 questionnaire was mailed to more than 127,000 households in the 12th District of Illinois. Over 17,000 questionnaires were returned.

The survey showed that 83.6% of those who responded were in favor of construction of a U. S. Mint in the Midwest.

The questionnaire posed three alternatives for a Medicare bill. The largest percentage, 45.6% favored a Medicare Bill giving tax credit for individuals who purchase private health insurance. Expansion of the Kerr-Mills program to provide medical care for the needy, aged only was favored by 37.8%, and 16.3% favored Hospitalization administered by Federal Government financed by increased social security taxes.

In the matter of more American trade with the Soviet Union and Communist bloc countries, 57.7% favored more trade but not strategic materials; 35.7% favored no trade whatsoever, and a small minority, 6.6% favored trade with no restrictions.

The controversial food packaging law question showed a fairly evenly divided opinion, with 26.5% feeling no action is needed; 26.6% want food packages only limited to certain weights and sizes; 23.3% favored requiring food manufacturers to obtain permission before changing the recipe for a standard food, and 23.3% felt that the use of advertising and sales messages on food packages should be restricted.

Agricultural subsidies brought a definite response—68% favored making a gradual transition toward a free agricultural market, 12% favored continuing the present farm program with price supports and production controls.

A bill to study official adoption of the metric system.

many of them mere duplication."—Abingdon Argus.

THE ANTIOCH NEWS 5 THURSDAY, JUNE 17, 1965

tem by the United States was favored by 67.2% and opposed by 32.8%.

Summer Camp For 4-H'ers Next Week

June brings campfire for many Lake County boys and girls. 170 4-H'ers will attend their Camp Shaw-wave Nas-Sec, at Kankakee, Ill., June 21-25. A trained permanent staff plans with the University of Illinois Cooperative Extension Service staff for a happy, educational week of camping.

The camp program includes: nature study, crafts, swimming and sports. Evening programs of recreation include: Campfire Evensong, pow-wow, candle lighting ceremony, folk and square dancing, etc.

The delegation will leave, by bus, from the County Extension Office, Fairgrounds, Graylake, at 8:00 a.m. Monday morning, June 21, and will return Friday afternoon, June 25.

In charge of Lake County's delegation are: The County Extension representative, Mrs. Helen Volk, Home Adviser, and Mrs. Marjorie Robbins, Assistant Home Adviser.

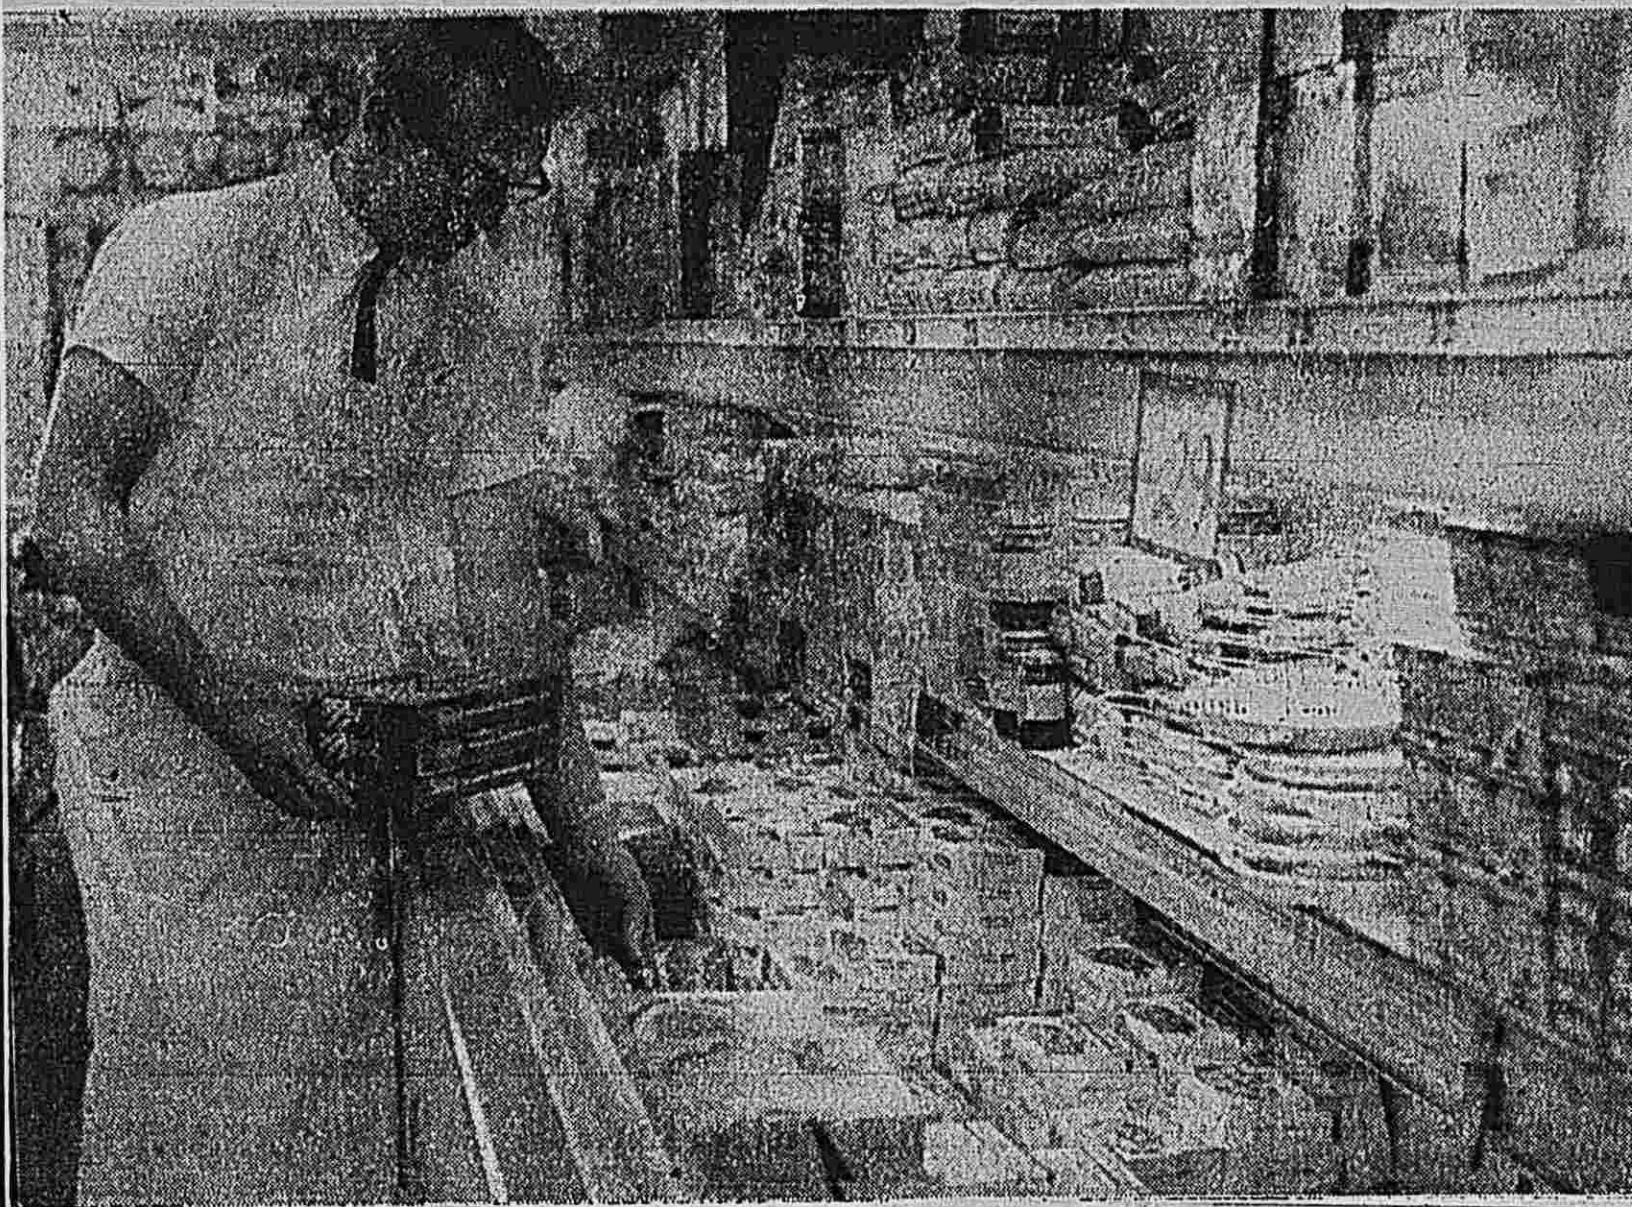

Mrs. Edward Hevrdejs, Antioch, will be one of the leader counselors.

Some of the club members from the Antioch area who will be attending camp are Diane Fischer, Lynn Hall, Randi Francke, Barbara Tanner and Lee Anne Tanner of the Antioch Adventurers; Ruth Ann Bilharz, Linda Patterson and Margo Snell of the Millburn Maidens; Susan Abderholden, Judith Hevrdejs, Georgine Palaske, Sue Stanich, Kathleen Walpole and Allison Hevrdejs of the Sequoia Suzies, and John Stephens of the Millburn Hornets.

Loses License After 3 Violations

The driver's license of Thor E. Peterson, 1006 Main St., Antioch, was suspended following three violations, according to a report from the office of Secretary of State Paul Powell.

Now is the time to phone 395-4111 for free classified.

The lazy, lovely summer days are here, and what housewife wants to waste them in the house, working over a hot stove to prepare the family's meals?

There's no need, any more, to miss out on the summer fun because of the need to prepare meals for a hungry husband and children. Frozen foods, all ready to pop into the oven or skillet, are as near as your nearest IGA Store.

You'll find an almost endless variety in the frozen food counter at IGA. This is a good time to get out of the rut, meal-wise, and try something new.

You'll find complete meals, from soup to dessert, ready to pop into the oven. Saves dish-washing, too. Or maybe you like to plan your own combinations. You'll find several main courses, potato dishes of all kinds, vegetables and desserts—and all you have to do is warm them to have a delicious meal.

Right now, when summer beckons and shortages have pushed the prices of fresh meats and produce higher than usual, is the time to try your frozen food counter for fun and economy. Spend an afternoon on the beach with the kids, and save money at the same time.

Don't forget—IGA frozen foods—Summer fun plus economy.

Mr. and Mrs. John Meske of Mt. Prospect, Illinois, with their two daughters, Jody, 8 and Gail, 13.

"We've had electric heat 3 years—for comfort and economy you couldn't want anything better"...—report Mr. and Mrs. John Meske

"In our home, the bedrooms, living room—dining room, bath and kitchen, are all good-sized rooms. Last year, with electric heat, we paid only \$175 to heat our 5-room home. And electric heat is so clean. In the three years we've lived here, we haven't had to buy a can of paint or even wash the walls."

What's more, like the Meskes, you'll find electric heat has a lot of other outstanding advantages. For example, it's 100% efficient, no heat is lost up the chimney. Each room has its own individual thermostat. You can set the temperature at 80° in the bathroom, 72° in the living room, 65° in the bedroom, all at the same time. Electric heat rates have been cut 50% since 1958. Get the facts on electric heat. Call your nearest Public Service Company Office for details, today. © C. E. Co.

Youths Can Train For Highway Jobs

Employment in the Illinois Division of Highways will be available to 175 male high school graduates who complete a special 11-week training course this summer at the University of Illinois.

The training program, conducted by the Division of Highways in cooperation with the University of Illinois, is designed for Illinois high school graduates, 17 to 25 years of age, who have completed courses in algebra and plane geometry and have an interest and aptitude for engineering work. Francis S. Lorenz, public works director, said.

The training course will be conducted on the campus of the University of Illinois at Champaign-Urbana from June 13 to August 27, and at the new Circle Campus of the University of Illinois in Chicago from June 28 to Sept. 10.

Application blanks and information pertaining to the course are available at all high schools in Illinois and at state and district offices of the Division of Highways.

AVERY A. VOSE, left, congratulates his successor, Arnold B. Holin, vice president of Country's Delight Milk Products, upon his election as president of The Milk Foundation, Inc., at the organization's annual meeting. Holin resides in Evergreen Park, Illinois. Vose, president of Pure Milk Association, lives near Antioch, Illinois.

Vose Ends Term As Pure Milk President

Arnold B. Holin, vice president, Country's Delight Milk Products, Chicago, was elected president of The Milk Foundation, Inc., at its annual membership meeting June 8, in the Drake Hotel, Chicago.

Holin succeeds Avery A. Vose, president, Pure Milk Association, who became a director of The Foundation, donor of the Dairy Barn in Lincoln Park's unique Farm-in-the-Zoo. The Milk Foundation is a non-profit organization, supported by some 18,000 dairy farmers and dairy products distributors in Illinois, Indiana, Wisconsin and Michigan.

HAVE ONE ON THE HOUSE

"Since you cannot refrain from drinking, why not start a saloon in your own home? Be the only customer and you will not have to buy a license. Give your wife \$55 to buy a case of whiskey. There are 240 drinks in a case. Buy all of your drinks from your wife at 60c a drink and in 12 days (when the case is gone) your wife will have \$99.00 (to put in the bank and \$55 to buy another case. . . . If you live 40 years and continue to buy all your whiskey from your wife and then die in your boots, your widow will have \$27,085.47 on deposit. . . . enough to bring up your children, pay off the mortgage on the house, marry a decent man and forget she ever knew a bum like you!"

The Art Of Getting Along

Sooner or later, a man, if he is wise, discovers that life is a mixture of good days and bad, victory and defeat, give and take.

He learns that carrying a chip on his shoulder is the quickest way to get into a fight.

He learns that it doesn't pay to let things get his goat; that he must let some things go over his head like water off a duck's back.

He learns that buck-passing acts as a boomerang.

He learns that carrying tales and gossip about others is the surest way to become unpopular.

He learns that giving others a mental lift by showing appreciation and praise is the best way to lift his own spirits.

He learns that the world will not end when he falls or makes an error; that there is always another day and another chance.

He learns that listening is frequently more important than talking, and that he can often make a friend by letting the other fellow tell his troubles.

He learns that all men have burnt toast for breakfast now and then, and that he shouldn't let their grumbling get him down.

He learns that people are not any more difficult to get along with in one place than another, and that "getting along" depends about 98% on his own behavior.

—Colchester Independent

Flora is the Roman goddess of spring.

Brides Warned To Change Social Security Number

June is the most popular month for brides. . . and the Social Security Administration has an important message for all girls about to be married.

If you have a social security account number card, be sure to notify the social security office when you change your name. A new card will be issued showing your new name with the same account number, and the social security records will be changed to show your new name.

There are more than 100 million individual accounts in the social security records. Your earnings record is kept according to your name and social security number, and the Social Security Administration wants to make sure you get credit for your work.

The people in your social security office, located at 2500 Grand Avenue in Waukegan, will be glad to help you change the name on your social security card or get a duplicate card if yours is lost.

Boy Scouts Start Camp Season Soon

Camp Ma-Ka-Ja-Wan, located at Antigo, Wis., the summer camp operated by the North Shore Area Council, Boy Scouts of America, will have a record attendance for the 1965 season, as announced by Scout Executive E. A. Schwachel today.

A total of 1596 paid reservations are on file, which represents a 15% increase over the 1964 season.

The camping season opens with a Lad and Dad Week-End for ten year old Cub Scouts and their fathers on June 18-19-20. The summer Boy Scout season will comprise four two-week periods and will open on Saturday, June 26.

The camp will be administered by Mr. Brandon Meese, Director of Camping and Activities, with James Smith, Lake Shore District Executive, serving as Camp Executive Director, and James Chandler, who is doing graduate work at Michigan State University, as Director of Camp West. In addition, there will be 53 staff members, covering all phases of the program operation.

Mr. Schwachel indicated that while the second and third periods are completely full, there is still an opportunity for Boy Scouts to make reservations for the first period, beginning June 26, and for the fourth period, beginning August 7. Buses transporting the Scouts to the Camp will leave the Deerfield High School parking lot at 7:30 a.m. on the first day of each Camp period.

HIGHWAY SAFETY
A motor vehicle accident usually calls for an on-the-scene conference between occupants of the cars involved. According to the Institute for Safer Living of the American Mutual Liability Insurance Company, some of these conferences may have more serious consequences than the accident itself. Before any bystander or discussions or exchange of information the disabled vehicles should be moved off the roadway if possible.

All occupants and bystanders should stay well clear of travel lanes and off the roads. If a night accident, leave car lights on and set off flares or red electric lanterns at least 100 feet in front and back of damaged vehicles. Always carry flares or red lanterns for such after dark emergencies; never use flares or other open flames if gasoline has been spilled.

RAILROADS AND MAIL HANDLING
More than a billion dollars have been invested by the railroads to provide modern mail-handling equipment and facilities—ranging from the familiar Railway Post Office cars to elaborate terminal conveyor systems, non-stored by television and the latest electronic aids. The railroads carry each year the greatest single segment of the nation's mail load of some 70 billion pieces. For moving each first-class letter, they receive an average of less than one-half a cent.

We've always wondered a little why the Internal Revenue Service never asks for our blood type.

Ill. Teenagers Have Good Traffic Record

For the second year in a row, Illinois' teenage drivers have turned in a better traffic safety record than their counterparts nationwide, Secretary of State Paul Powell has announced.

Illinois teenagers in 1964 were involved in 10.76 per cent of the accidents reported in this state, but nationally, teenagers accounted for 14.9 % of the accidents.

These statistics were compiled by the Research and Development Division of the Secretary of State's office and are based on data available through the Driver's License Division and a summary of traffic accidents published by the Department of Public Works and Buildings. The national figures are from the National Safety Council.

For accidents resulting in fatalities, Illinois teenagers again show a lower percentage of involvement than the nation's teenagers. For Illinois, the figure is 11.1 per cent, and for the nation, 14.1 per cent.

Another interesting fact brought out by the statistics is that of the 503,530 Illinois teenage drivers, more than half of them, 290,000 have passed the high school driver education course, Secretary Powell said.

THE ANTIOCH NEWS 6 THURSDAY, JUNE 17, 1965

A woman submitted the following observations:
Every man thinks he has wonderful self control because the woman has the last word.
Every man scatters ashes. Every man is deceived by flattery.
Every man believes he is severe with his children.
Every man is satisfied with his weight and himself.
Every man cherishes the thought that he is a he-man and superior to woman.
Every man considers himself logical.
Every man is sentimental.
Every man thinks he knows women.
Every man is a spoiled child.

Lawrance Wins Feature At Wilmot

Jim Lawrance of Bristol took the lead on the 10th lap of the 35 lap feature race at the Kenosha County Speedway on Saturday night and went on to score a fast impressive win.

Lawrance battled with Lee Weslawski of East Troy for several laps before taking the lead as they shot into the upper turn running side by side. Weslawski then rode second position all the way down to the ninth by the time the checkered flag fell but each driver that did pass him had to work hard for the position.

Duane Harris of McHenry, current point leader in the

modified stock division, picked up from his ninth starting spot to finish second as he closed in on Lawrance. Behind him was Fran Seamers, Bill Bohn, Kenny Tolugan, Chuck Utteck, Bill Strom, Don Scorce, Weslawski, and Don Erickson.

Only three cars left the race from the time of the green flag. J. R. Dodd dropped out and Bill Ansel who had been second, lost his steering and was out. Loran Lawrance of Kenosha, brother to the winner, spun out and could not restart.

The 15-lap semi-feature race was won by Bob Ratajczyk of Waukegan who had

News of Lakes Sports

THURSDAY, JUNE 17, 1965

THE ANTIOCH NEWS

wrecked his new car just two weeks ago and was knocked out in the accident. Following him were Ron Bergsma, Ralph Weillheim, Dennis McKay, and Jim Sullivan.

Heats were won by Darv Nissen, Sullivan, Weslawski, and Harris. Tolugan was fastest qualifier with an average speed of 54.64 mph.

The spectator cars had a wild night of it as Bob Schneider of Kenosha flipped, rolled over several times at the start of the feature race which was restarted and won by Harold Gutchie of Kenosha. Rodger Hagie had been leading but crashed into a stalled car when one of the slower cars closed the gate on him. Dick Kaimen and Jim Dehnie won the spectator heats.

Darts Defeat Checkers, 14-7

The Antioch Darts and the Lake Villa Checkers played the last practice game last Sunday before the opening of the league season.

The Darts, with JoAnn Bolton pitching and Nary Donovan the catcher, outscored the Checkers, 14-7. The game was played at the Little League field in Lake Villa. Shirley Green was the losing pitcher. Carol Mattison was the Checkers' catcher.

There are four teams in the local Girls' Softball League—the Darts, Checkers, Casey's Trap and a Wisconsin team. The regular season started Tuesday evening, with a game between the Antioch Darts and Casey's Trap, at Golfview, north of Antioch on Route 83.

The Darts won Tuesday night's game with a rousing 27-20 score. Casey's Trap scored 12 runs in the first inning, but the Darts bounced back to retrieve the game.

JoAnn Bolton and Nary Donovan were the battery for the Darts. Norma Lowe pitched for Casey's Trap and Lu Gene Nissen was the catcher.

Next Girls' Softball game will be played at Golfview next Tuesday evening, with Casey's Trap and the Lake Villa Checkers fighting it out.

LANDOWNER DEER HUNTING PERMITS

Landowners may apply now for their special deer hunting permits as of June 1. A landowner or tenant who lives on farm or forest land located in a county open to deer hunting is entitled to one free deer permit, valid only on the property where the deer-hunter resides. Free permits will be issued until the season begins.

Absentee landowners having at least 40 acres of farm or forest land in a county open for deer hunting may apply for a special \$5 landowner's permit from June 1 through June 27.

Hunters eligible for special permits do not apply directly to the deer office in Springfield. They must submit their applications to the county conservation officer in the county where the farm is located.

The 6-day shotgun deer season is divided into two portions. The first is from Nov. 10 through 21, and the second is from Dec. 3 through Dec. 5. Only Illinois residents may hunt deer.

According to the Illinois Society for the Prevention of Blindness, seven out of every 100 blind persons are teenagers and younger. The Society alerts parents that fireworks present a great hazard to eyesight.

Rifles Ready For Practice Next Month

Tryouts and practice for the newly-organized Lake County Rifles' pro football team will begin on July 20. Head Coach Roger Kane and the assistant coaches discussed offensive and defensive plays at a recent meeting of the coaches.

Some of the players recently signed up for the football team are Lew Flinn of Barrington, Hanley Hurley of Highland, Willie Thompson of North Chicago, and Clarence "Buck" Borowski of Lake Zurich.

Flinn, 6-foot and 190 pounds former quarterback at Barrington High School, made Little All-American at Northern Illinois University. He is the second Little All-American to sign with the Rifles. The other is Carthage College's Jim Payne. Lew is now coaching and teaching at Barrington High School.

Hurley made third team All-State while at Keokuk High School in Iowa and went to State College of Iowa. Hurley won his monogram for two years as a defensive end. He is now an assistant principal in the Highland Grade School system.

Thompson made All-Suburban prep at North Chicago High School and went on to Citrus Junior College in California. He then played two years of football in the Army and upon his discharge signed with the Racine Raiders.

Borowski, a graduate of Maine West High School, played at U.C.L.A. one year and later with the Chicago Park District Senior Men's Team.

Burgan Wins Wild Race At Speedway

Dennis Burgan won the 25-lap late model feature at the Waukegan Speedway in one of the wildest finishes ever seen. Burgan, after lowering his own qualifying record, posted a new 25-lap mark in the feature.

Two multi-car pile-ups eliminated five cars on the opening lap. On the second restart, Ken Becker dashed into the lead, but Jim Luther dueling him down the home stretch to gain top spot in the second lap.

Ottel Jones charged into first position on lap three, but his lead was short lived as last year's champion, Jim Cossman, took over on lap five. Cossman scorched the track in the next laps, building up a huge lead while three drivers, Jones, Becker and Burgan, raced for second in a brilliant display of driving skill.

Suddenly in the 19th lap, Cossman slowed a flat rear tire hindering his speed. Cossman was able to hold back the trio until cars were being lapped on the 23rd circuit.

Jones pushed his convertible into the lead, but spun, as did Becker, allowing Burgan to jump ahead three positions and inch into the lead.

Meanwhile Jack Ester, marking time in fifth spot, seized the opportunity and vaulted from fifth to second in the closing two laps. Cossman limped across the finish line third, Becker and Jones on his bumper.

FOUR RACERS FLIP

Bob Klemm was the big winner in the figure 8 race, stopped when Dexter Allen narrowly escaped injury after violently flipping his jalopy at the figure 8 cross-over. Allen was trapped in the auto several minutes while the rescue crew pried the roof up allowing Allen to exit. Earlier in the event, George Turnpaugh flipped over, also at the intersection.

In the second jalopy heat race, George Harring received minor cuts while involved in a smashing rollover. During the first late model heat, Neal Parrish completely railed his mount,

but emerged uninjured. Next Saturday night a deliberate head-on crash will be an extra, added feature to the complete program of late model and jalopy racing. Late model and modified racing continues on Sunday nights.

REIMER, HOOD, SUNDAY NIGHT VICTORS

John Reimer extended his championship point lead in the modified stock car division Sunday night at the Waukegan Speedway. Reimer won two events and also posted the fastest qualifying time thus far in the season. John Hood became the first late model driver to win three features as he survived a crash-filled main event.

Reimer came from near the rear of the 18-car field to grab the lead from Claude Potter midway in the event. Potter had inherited the lead in the ninth lap when early leader Fran Ansell developed mechanical trouble. A heated six-car battle developed for second position in the final 15 laps. On the 24th lap Darv Nissen and Jim Lawrence tangled and spun, losing their positions. At the time they were racing third and fifth, respectively. Ron Larson grabbed second and Potter, returning from last Sunday's flip, settled for third.

Hood jumped into fourth spot in the late model championship point standings by capturing his third feature of the season. Separate accidents took point leaders Dennis Burgan and Jim Cossman, out of contention. Roger Hagie guided a Chevy II into second spot and Joe Balding copied third position in his new Lark. Earlier in the evening Burgan established a new late model qualifying record with a :18.00 second trial.

Jr. League Starts At Antioch Bowl

A Junior High bowling league is starting at the Antioch Bowl on Fridays at 7 p.m. Youngsters over 12 are invited to participate. The Bowl is open on week-ends only until August 1.

BOW DEER SEASON

The bow and arrow season for deer will be from Oct. 1 through Nov. 15 and Nov. 24 through Dec. 31, except Nov. 30 through Dec. 6, inclusive, the Illinois Department of Conservation has announced. St. Clair, Madison, Cook, Will, DuPage, Kane and Lake counties will be closed for bow and arrow deer hunting. All other Illinois counties will be open for bow and arrow deer hunting.

Dog Show and Races At Fair Grounds

There will be Afghan and Whippet races in conjunction with the Chain O' Lakes Kennel Club Dog Show, to be held Sunday, June 20, at the Lake County Fair Grounds at Grayslake.

Dogs from 23 states will vie for honors in the show. There will be a special "Children's Handling" class event.

Top dogs of all popular breeds will be shown, plus many breeds rarely seen. The show will be from 9 a.m. to 6 p.m.

Illinois Bell Reorganizes New Phone Directory

A more convenient, easier-to-read Illinois Bell Telephone directory will be distributed to homes and businesses in Antioch, Round Lake, Grayslake, Fox Lake, Lake Villa and nearby communities starting today (July 17).

A sticker on the front of each directory calls attention to some number changes in Fox Lake, Grayslake, Lake Villa, North Chicago and Great Lakes Naval Training Center. The new numbers, not yet in effect, are listed in the directory. Telephone users are asked to continue to use their old directories until the new numbers (effective dates are shown on sticker) go into service.

Illinois Bell Manager Dick Miller said the 1965-66 directory introduces two separate alphabetical listings. Present directories have only one white pages section, containing listings for a large regional area.

"This year's telephone book recognizes the needs and wishes of our customers for an alphabetical section listing only their local area," Miller said.

A new local section has been added in the front of the directory—ahead of the yellow pages. It's designed to make it easier for customers to find the numbers for their nearby, local area calls. This local area is shown in red on the regional map on the cover.

The usual regional white pages, covering a much larger area, have been re-located at the back of the

book—following the yellow pages. This section contains listings for all the communities that are shown on the cover map.

For easier reading, the local white pages are printed in larger type than has been used in previous directories, the manager said.

With the addition of the local area listings, there are three sections in the new directory:

1. Local white pages
 2. Yellow pages
 3. Regional white pages.
- Miller said the "3-in-1" telephone book is part of Illinois Bell's new suburban directory-improvement program that will be completed next year at an initial cost of more than a million dollars.

NI-Gas Declares Stock Dividend

The board of directors of Northern Illinois Gas Company has declared a dividend of 33 cents a share on the common stock, payable August 1, 1965, to stockholders of record on June 22.

This dividend continues the \$1.32 annual rate established with the May 1, 1965 payment. In other action, the directors declared the regular dividend of \$1.25 a share on the company's 5 per cent preferred and 5 per cent convertible preferred stock issues, and of \$1.12 on its 4.48 per cent preferred stock issue, also payable August 1 to stockholders of record June 22.

Appointed Christian Science Lecturer

Norman B. Holmes, of Chicago became one of 30 Christian Scientists appointed to travel on public speaking tours in various parts of the world, as a member of the Board of Lectureship of The First Church of Christ, Scientist, in Boston, Massachusetts.

The announcement was made as several thousand members gathered in Boston for the church's annual meeting.

Mr. Holmes, who was raised as a Christian Scientist, is a graduate of Northwestern University, and served on active duty as a Chaplain in the United States Navy from 1942 to 1954. He was officially accredited in the Christian Science healing ministry during this period, and has since become an authorized teacher of the religion.

COUNTY ZONING NOTICE

STATE OF ILLINOIS)
COUNTY OF LAKE)
TO WHOM IT MAY CONCERN:

PUBLIC NOTICE is hereby given to all persons in the Town of Antioch, Lake

County, Illinois, that a public hearing will be held on July 1, 1965, at 1:30 P.M., in the Old Village Hall, (Police Station), Antioch, Illinois, relative to a proposal to vary the terms of the Lake County Zoning Ordinance, as to the R-4 Residential District, for a variation in sideyard setback requirements, on the following described real estate, to-wit:

The East Half of Lot Six (6) in Wm. Baden Jr.'s Highland Subdivision in the North East Quarter of the South East Quarter of Section 20, Township 46 North, Range 10, East of the Third Principal Meridian, in Lake County, Illinois according to the plat thereof recorded September 8, 1915 as Dec. 100-815 in Book "J", page 45.

As a result of the petition of JAMES CHUDOKA & BESSIE CHUDOKA, which petition is on file and available for examination in the office of the below named Board, Court House, Waukegan, Illinois.

All persons interested are invited to attend said hearing and be heard.

LAKE COUNTY ZONING BOARD OF APPEALS
JOHN M. STERLEY
Chairman
Dated at Waukegan, Illinois, this 17th day of June, 1965.
(June 17, 1965)
